

## SUFFERED 25 YEARS

With Catarrh of the Stomach—  
Pe-ru-na Cured.

Congressman Botkin, of Winfield, Kan.

In a recent letter to Dr. Hartman Congressman Botkin says:

"My Dear Doctor—It gives me pleasure to certify to the excellent curative qualities of your medicines—Peruna and Manalin. I have been afflicted more or less for a quarter of a century with catarrh of the stomach and constipation. A residence in Washington has increased these troubles. A few bottles of your medicine have given me almost complete relief, and I am sure that a continuation of them will effect a permanent cure."—J. D. Botkin.

Mr. L. F. Verdery, a prominent real estate agent, of Augusta, Ga., writes: "I have been a great sufferer from catarrh of the stomach. I tried many physicians, visited a good many springs, but I believe Peruna has done more for me than all of the above put together. I feel like a new person."—L. F. Verdery.

The most common form of summer catarrh is catarrh of the stomach. This is generally known as dyspepsia. Peruna cures these cases like magic.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Just Because One Has Seen Snow One  
May Not Know All About  
Everything.

When the young man from Florida came to live in New York he woke up one morning last winter and going to the window, he looked out on what was to him a novel scene. It was a snowstorm, the first he had ever seen.

Jumping into his clothes, he ran into the street. He stooped and gathered handfuls of snow and threw them in the air; he jumped into a drift and sent it flying in his feet; he finally lay down and rolled in it—all this time shouting and laughing at the top of his voice.

One of the crowd which had gathered to watch his antics went up to him and told him how his mother used to cure fits and volunteered to try it on him.

"I haven't any," the young man said.

"What's the matter with you, then?"

"Well, I see it. What of it? I have seen it before."

"Well, I haven't," said the Florida young man.

"What! You never saw snow before?"

"Never. Seems strange to you, don't it?"

"It beats any sample of verpency I ever ran across."

"Oh, I don't know," mused the Florida cracker, according to the New York Mail and Express. "Did you ever see an alligator eating a black boy? No? Well, I have seen it many times." And, throwing a handful of snow down his shirt collar, he pursued his joyous gambols.

MILWAUKEE PEOPLE

Could Hardly Believe It. A

Prominent Woman Saved From Death by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suppose a large number of people who read of my remarkable cure will hardly believe it; had I not experienced it myself, I know that I should not.

"I suffered for months with troubles peculiar to women which gradually broke down my health and my very life. I was nearly insane with pain at times, and no human skill I consulted in Milwaukee could bring me relief.

"My attention was called to Lydia E. Pinkham's Vegetable Compound; the first bottle brought relief, and the second bottle an absolute cure. I could not believe it myself, and felt sure it was only temporary, but blessed fact, I have now been well for a year, enjoy the best of health, and cannot in words express my gratitude. Sincerely yours, SADIE E. KOCH, 124 10th St., Milwaukee, Wis."—\$5000 forfeit if above testimonial is not genuine.

Such unquestionable testimony proves the power of Lydia E. Pinkham's Vegetable Compound over diseases of women.

Women should remember that they are privileged to consult Mrs. Pinkham, at Lynn, Mass., about their illness, entirely free.

## FIFTY-SEVENTH CONGRESS.

Washington, May 24.—Senate—A temperate and carefully prepared speech was delivered in the senate Friday on the Philippine bill by Mr. Dubois (Ida.). He confined himself almost entirely to a discussion of the commercial and industrial aspects of the Philippine question, his purpose being to show that it would be a disadvantage to the people of this country to retain the islands.

House—The house devoted the day to private pension bills and to a few other minor matters. Mr. Loud (Cal.) criticised the special pension legislation as a disgrace and drew emphatic responses from Messrs. Sulloway (N. H.), Sulzer (N. Y.) and Miers (Ind.). In all 105 private pension bills were passed. The house adjourned until Monday in order to participate in the Rochambeau ceremonies Saturday.

Washington, May 27.—Senate—Mr. Patterson (Col.), one of the minority members of the Philippines committee of the senate occupied the floor most of the day in a discussion of the Philippine question. Mr. Foraker and Mr. Hoar had a brief debate over President McKinley's proclamation to the Philippines. Sixty-two private pension bills were passed.

House—The house of representatives devoted Monday to business connected with the District of Columbia and took a recess until 11 a. m. in order to complete the bill amending the District code.

Washington, May 28.—Senate—A fruitless effort was made just before the adjournment of the senate Tuesday to secure an agreement on a time for vote on the Philippines bill. The discussion indicated that some day next week eventually would be agreed upon, but no time was fixed. During the discussion a proposition was made that a time be fixed on alternate Tuesdays, beginning next week, for a vote on the Philippines bill, the Nicaragua canal bill and the Cuban reciprocity bill, and that a final adjournment be agreed on for the fourth Tuesday, but it was too startling to be taken seriously, although some senators regarded it favorably. Early in the session a committee was appointed by the senate to confer with a like committee of the house about the disagreement which has arisen between the two houses as to the army appropriation bill.

House—The house passed the Shattuck immigration bill. The feature of the day was a lively debate on the question of prohibiting the sale of intoxicating liquors at immigrant stations. It was precipitated by an amendment offered by Mr. Bowersock (Kan.) to prohibit such sale, which was carried, 83 to 18. Mr. Landis (Ind.) followed this victory with an amendment to prohibit the sale of intoxicants in the capital and it prevailed by a still larger majority—108 to 19. The bill brings together into one act all the scattered legislation heretofore enacted in regard to the immigration of aliens into the United States, arranges it in sequence, etc., eliminates what has become obsolete by reason of subsequent legislation, amends some of the administrative features and also adds some provisions to the general laws and others made necessary by the extension of the territorial limits of the United States. Among the more important changes are those increasing the head tax on aliens coming into the United States by land transportation from \$1 to \$150; adding to the excluded classes epileptics, persons who have been insane within five years, anarchists, or persons who advocate the overthrow of government by force, prostitutes and procurers (whose importation is now a felony, but whose entry is not prohibited); broadening the word "contract" in the contract labor law to include "offer, solicitation or promise," providing for the fine of steamship companies which receive at the ports of departure aliens afflicted with loathsome or contagious disease instead of providing as now for their deportation on arrival here; extending the time within which an alien who becomes a public charge may be deported from one to two years and providing that immigrants over 15 years old should be able to read in some language.

Washington, May 29.—Senate—An agreement was reached in the senate Wednesday by which a final vote on the pending Philippine government bill and all amendments will be taken next Tuesday at 4 p. m. Pending the vote, the senate will meet at 11 o'clock each day except Friday when the senate will not sit, it being memorial day. On Monday and Tuesday the debate will be under the 15 minute rule.

House—The house spent the day debating the bill to increase the subsidiary coinage by coining the silver bullion in the treasury and to receive standard silver dollars as the public necessities may require. The limit of subsidiary coinage is now \$100,000. The bill increases this to an indefinite amount in the discretion of the secretary of the treasury. Mr. Newlands (Nev.) finally offered an amendment to make subsidiary silver a legal tender and this amendment was pending when the house adjourned.

Yellow Fever at Vera Cruz.

Mexico City, May 29.—Yellow fever has broken out again virulently at Vera Cruz. Among 100 men working on supplementary port works 19 were stricken in one week, ten dying.

The Public Building Bill.

Washington, May 29.—The Mercer omnibus public building bill has been agreed on in conference. The bill carried \$15,800,000 when it left the house. The senate added \$3,200,000.

Death of Maj. Andrew J. Barber.

Springfield, Ill., May 29.—Maj. Andrew J. Barber, died at his home in this city, aged 68. He was born in Fauquier county, Virginia, and during the civil war was assistant quartermaster of Stonewall Jackson's corps, army of Northern Virginia.

Severe Storms Cause Floods.

Ft. Worth, Tex., May 29.—Severe storms, causing floods in the Panhandle along Red river, have resulted in great damage to the Ft. Worth & Denver road and also the Colorado & Southern.

## HEALTH AND ALL ITS BLESSINGS

Health will come with all its blessings to those who know the way, and it is mainly a question of right-living, with all the term implies, but the efforts which strengthen the system, the games which refresh and the foods which nourish are important, each in a way, while it is also advantageous to have knowledge of the best methods of promoting freedom from unsanitary conditions. To assist nature, when nature needs assistance, it is all important that the medicinal agents used should be of the best quality and of known value, and the one remedy which acts most beneficially and pleasantly, as a laxative, is—Syrup of Figs—manufactured by the California Fig Syrup Co.

With a proper understanding of the fact that many physical ills are of a transient character and yield promptly to the gentle action of Syrup of Figs, gladness and comfort come to the heart, and if one would remove the torpor and strain and congestion attendant upon a constipated condition of the system, take Syrup of Figs and enjoy freedom from the aches and pains, the colds and headaches and the depression due to inactivity of the bowels. In case of any organic trouble it is well to consult a competent physician, but when a laxative is required remember that the most permanently gratifying results will follow personal cooperation with the beneficial effects of Syrup of Figs. It is for sale by all reliable druggists. Price fifty cents per bottle.

The excellence of Syrup of Figs comes from the beneficial effects of the plants used in the combination and also from the method of manufacture which ensures that perfect purity and uniformity of product essential in a perfect family laxative. All the members of the family from the youngest to the most advanced in years may use it whenever a laxative is needed and share alike in its beneficial effects. We do not claim that Syrup of Figs is the only remedy of known value, but it possesses this great advantage over all other laxatives that it acts gently and pleasantly without disturbing natural functions, in any way, as it is free from every objectionable quality or substance. To get its beneficial effects it is always necessary to buy the genuine and the full name of the Co.—California Fig Syrup Co.—is printed on the front of every package.
